A PREMIUM VENEER BRAND

decowood®
PREMIUM VENEERS

NATURAL | TEAK | ENGINEERED

Decowood is the embodiment of ethics and innovation.

We endeavour to constantly innovate

the paradigm of interior design. A space adorned

with Decowood transforms it into a pristine haven.

The sheer marvel and allure of Decowood makes any

space the perfect amalgamation of design and art,

whilst retaining the purity of nature.

Decowood presents the best of its best.
A hand-picked collection of exclusive designs

SPECIALS

This catalogue represents Decowood's speciality in design.

Through this catalogue, we endeavour to showcase
Decowood's innovation in crafting unique veneer designs
which have been enhanced by experimenting with their
texture, using chemical processes to influence their
treatment and by arranging them in special patterns.
All this to capture and accentuate the aesthetic beauty
and versatility of wood. Behold, The Specials.

decowood®
PREMIUM VENEERS

NATURAL | TEAK | ENGINEERED

TEXTURE

The beauty of wood lies not only in its look but also in its feel. With exquisite craftsmanship and assiduous attention to detail, Decowood brings to you a range of veneers innovated by experimenting with their texture. A variety of methods and technologies have been employed to enhance the texture of these veneers. Be it our exclusive sandblasting technology to create a rugged texture or enhancing the natural imperfections of wood by sawing – it is all about experiencing the touch of wood.

PATTERN

When great design repeats itself, the result is breathtaking. Decowood presents its exclusive range of veneers which are experimented with, by being arranged in various patterns. Experience the melange of design and symmetry work wonders with this one-of-a-kind collection of select veneers. Different methods of arrangement of these patterns yield unique designs which capture the wonder of woodcraft.

TREATMENT

Through state-of-the-art technology, Decowood adds a characteristic touch to this unique range of veneers enhanced by using different kinds of chemical processes and influencing their treatment. A variety of technologies innovated by Decowood such as Chemical Crackle Coating (CCC), Oxidation and glitter treatment give each veneer its distinct look and feel which is unlike anything the imagination can fathom. Witness this wonder of Decowood's divine intervention.

Quill

TEXTURE

IMPRESSIONS

COLLECTION

This collection features varying motifs from floral, to chequered and sublime which gives mesmerising textures to Oak. This captivating design and texture is achieved through an innovative process of heightening the tactile properties of the veneers by imprinting textures on them with moulds, giving this collection a personality of its own.

Note: Sanding not recommended prior to sealer coat

The background of the entire image is a close-up, grayscale photograph of a wood grain. The grain pattern consists of numerous concentric, wavy lines that radiate from the center, creating a textured, organic appearance. The lines are more pronounced in the center and become more subtle towards the edges.

White Oak is the species of wood that is easiest to steam bend. With thin stock you can bend it, into an extremely small radius.

The Special Instructions

Handling & Storage:

- No wet cloth mopping instead use water spray while selection.

On-site carpentry:

- Do not nail or sand Pre-polished veneer, it is a ready to use product and should be pasted using special fixing tape provided along with.

Polishing:

- Sanding not recommended prior to sealer coat in Tanwoods, Nouveau, Rugged, Glitz, Digital, Mbrace, UV, Etched collection, Ridge Cut, Impressions, Sandblast and HD Veneers (HDBX, HDEX, HD Plus) collection.

Handcrafted Veneer colour variation is possible.

General Instructions

Handling and Storage:

- Store in dry & clean conditions. Excessive humidity, dust, POP etc. can damage the product.

On-site Carpentry:

- Sanding is recommended on edges for minor veneer chipping, while cutting veneers horizontally or across the grain as it is a natural phenomenon.

Polishing:

- For best results apply clear sealer and topcoat from some reputed brand & by Spray Gun only.

Greenlam Industries Limited warrants that all its products are free from manufacturing defects and perfectly fit for use under normal conditions. In case of any claims, the liability of the company is however limited to the cost of the veneer only.

THE GREENLAM LEGACY

Greenlam Industries Limited has been beautifying spaces for

years by infusing creativity into every piece of work and

turning it into sheer pieces of beauty and brilliance.

A name to be reckoned within surfacing products in more

than 100 countries, Greenlam Industries Limited is standing

tall with its guiding philosophies - innovative technologies

and creative solutions. And carrying the legacy forward,

Greenlam Industries introduced Decowood Veneers in 2002

which is currently India's largest selling decorative veneers

brand in the country and has been celebrating the best

in wood by turning it into art for your home.

OTHER OFFERINGS
